Eiichiro Oda began his manga career at the age of 17, when his one-shot cowboy manga **Wanted!** won second place in the coveted Tezuka manga awards. Oda went on to work as an assistant to some of the biggest manga artists in the industry, including Nobuhiro Watsuki, before winning the Hop Step Award for new artists. His pirate adventure **One Piece**, which debuted in **Weekly Shonen Jump** in 1997, quickly became one of the most popular manga in Japan.

(Hippo Iron, Saitama)

Q: Odacchi, Odacchi, Odacchi, good morning. By the way, let's begin the SBS. And now, my question. On page 128 of Volume 31, the kids are asking for a story about the land of the dwarves, right? Right? Right? Please explain.

--Uekenger

A: Geez, you've got the momentum of an avalanche, don't you? Starting the SBS, asking questions--I can't get a word in! I'm glad you found this, though. Perhaps you might find the answer to your question in Chapter 713, which starts right over there <-- Give it a read.

Q: When the crew left Punk Hazard, Franky's shirt said "JK" on it... But like, he makes such a gross JK (*joshi-kosei*, female high schooler)!!!

--Sanji Ikari

A: Like OMG, I totally agree!! He's like, totally creepy!! But the more I see those Braided pigtails, the more I think they look good on him...and that's like totally gross too!!

Q: Good day, Odacchi. Is this what you meant by the Ancient Weapon Pluton?

--Dobin

A: Those are croutons, right?!! ㄥ
They're not ancient weapons named after gods in that soup...
They're just croutons, right?!! Σ(•□•)
Just crispy little pieces of Bread, right?!

IF THE REPORTS FROM THE NEWSPAPERS ARE TRUE...

SBS Question Corner

(Hiromitsu Shimojo, Gunma)

Q: It seems like Trafalgar Law, in the midst of his alliance with the Straw Hats, gives them some nicknames. What are all the things he calls the various members of the crew like Zoro and Franky?
--Edward Yacchi

Q: Mr. Oda, hello! If the Straw Hats were different prefectures of the Japan, what would they be? For example, would Nami be from Ehime? I'd love to hear from you!
--T. Rina

A: Tell you what, I'll answer these BOTH at the same time.

A: I think that should do it. Some of those prefectures were probably influenced by the voice actors' hometowns (laughs).

Q: Odacchi, Odacchi!!! All I can see in the waves on p.154 of Volume 70 is bunnies!!! What have you done to me?!!!
--Law-Loving Y, Law-Loving A's Friend

A: Geez, that's a long pen name!! I'd like to tell you a story from Papua New Guinea. It is said that when the rabbits ran out of food to eat, they tricked the fish into lining up so they could cross the sea on the backs of the fish. Do you suppose they made up that folk tale when they noticed the dancing white waves looked like rabbits? They do look like that sometimes, don't they?

(Sashinji, Chiba)

Q: Hello, Mr. Oda! I have a question about Rebecca the gladiator. I couldn't help but notice that, perhaps due to your personal tastes, she is exposing quite a lot of skin. My question regards her bikini bottom. Is it possible that beneath that flap of cloth is a paradise of non-pantyness? I'm so curious about this, I can't even put on any underwear.

--Tanpopo

A: Hmm, I see. I have a feeling that I shouldn't answer this question. I know the answer, but I'll keep it to myself! Sweet dreams!!

Q: Mr. Odacchi, howdy! ☆ Bartolomeo's so cool, right? So what if his birthday was October 6th? (Y'know, since "to" can be 10, and "lo" is short for "roku," or six!) Also, what are his height, age and place of birth details?!

--One Piece is my reason for living

A: Birthday?! Hmm... I dunno, should I use that? Sure, I guess. His height is 7'3", he's 24 years old, and he's from the East Blue.

Q: I'm so jealous of Leo the Tontatta! ...my dad says. Apparently he wants to explore in Robin's region B too. Can you help him explore her boo...er, region B without my mom finding out?

--Orika Kakyoin

A: At first I just wrote it as "Region Boobs" and laughed my butt off. But then my editor said it wasn't allowed, and we got into a big fight. Since I'm out of shape, I wound up with a skull fracture. What's wrong with the world that I'm the dang author and I can't even write what I want! I get no respect, I tell ya!

(Coral, Fukuoka)

Q: Which one is a cat

--Milk

A: Okay, um... Hmmm. Which one? Well...they both look like cats to me... Plus, if those aren't cats, what would they be? I'm gonna guess...the left one? Let's check the answer...

They didn't write an answer!!! ㄟㄟ

Q: Take this, Odacchi!! Western Lariat!!! And now, my question! In Chapter 704, you introduced the former bounty hunters Abdullah and Jeet. Are they former pro wrestlers, Abdullah the Butcher and Tiger Jeet Singh?! Abdullah's the one who gouged his forehead with forks!! You like pro wrestling, Odacchi? Are you in the pro-wrestling generation?

--Joker

A: That lariat hurt!! ㄟ Well thanks, you just Broke my neck. You're right, that is correct. Japan was in the midst of its pro wrestling craze when I was in elementary school. I loved that stuff, so this is my tribute to the greatest heels who ever menaced the ring, The Butcher and Jeet Singh!!

Q: Nice to meet you, Mr. Oda! I've been wondering, is Idea the Boxer based on *Ideon*? That got me really excited, despite my age.

--Astro Robo Sasa (age 38)

A: That's right. I took the idea from the old robot anime show, *Ideon*. Sorry, I had so many characters to introduce, I started having a bit too much fun with them. It was a robot with extended shoulders like this on the right. It was the very first plastic model I got as a kid.

Ideon

SIR SANJI, I WISH TO RESCUE KANJURO FROM THE HOUSE OF TOYS.

DON'T FORGET THAT YOU'RE WORKING WITH A PIRATE CREW!!

BUT IS IT NOT NATURAL FOR CRIMINALS TO BE APPREHENDED?

SO THE NAVY'S GONNA SCOOP THEM UP AS SOON AS THEY WALK OUT THE GATE.

SEEMS LIKE THERE ARE PIRATES AND CRIMINALS OPENLY COMPETING IN THE TOURNAMENT.

THAT'S RIGHT. NOT A ONE YET...

Q: Hello, Mr. Oda! I noticed that Dressrosa was based on our home of Spain, so I decided to send you this letter as the speaker for our group. Why did you choose Spain? If you ever have reason to visit Spain, I hope you will attend Barcelona's Salon Del Manga (a Spanish manga/anime convention). Nothing to be afraid of! Our women won't stab you!

--Voice of the Pirate King

A: This is a condensed version of a letter I received from Spain.

The Japanese was strange in a few places, so I think that must have come from one of those auto-translation sites. Thanks for the letter. You're right about Dressrosa. It's based on Spain, and ancient Greece for the coliseum parts. When I took a close look at Doflamingo and tried to think of what kind of country suited him, I arrived at the conclusion of Spain. I've mentioned lands of One Piece being inspired by real countries in the SBS before, but this is the first time I've gotten feedback from residents of that country. I can't be irresponsible in the way I draw, but if you do see anything that seems like a half-baked version of your culture or buildings, please forgive me. Remember, it's just a manga.

Q: I've been wondering for ages--would you draw gender-swapped versions of the Worst Generation for us? In fact, please do!!!

--Momokichi

A: I got so many requests for this. I mean, I'll do it, but it's creepy, okay? Check it out on page 166. I haven't shown Blackbeard since the time skip yet, so he's not included. That's all for this SBS. See you next volume!!
